

Feb. 16, 1973 - Friday

Dear Vicki and Jim,

It was nice hearing from you today. The trip to Puerto Rico sounds absolutely wonderful. I hope you can mix pleasure with business. What a perfect time of year to go down there.

Stella and Harold are driving down to Palm Springs, leaving this Saturday. They plan to stop in Reno and Los Angeles and will be gone for two weeks. Aunt Stella has been going to Glamorella, trying to get a slim figure.

Aunt Ruth and Uncle Jim are going to Mexico next Friday. Their friends Dr. Asmundson and his wife have a condominium some place down in the middle of Mexico and Jim finally has talked Ruth into it flying. It would be a long drive as the place where they are is 1500 miles in Mexico from the border.

A while ago I wrote to a close in Medford, Oregon information on the family

Close

I received a letter from Reuben today telling me his wife, Hazel, died this last Christmas day. His letter was very nice and I suppose he is pretty old but he is going to find out some information from his children if possible.

I have been playing lots of bridge. Saturday night Edyllis Linger and her friend Harry are coming over for dinner and bridge. I am having Chinese food again.

Ralph Blalston wrote to me and said he was sending me a surprise. It arrived today and it is a beautiful afghan which he knit.

Benson wants to sell the cabin. Of course I have always wanted it and when my mother died we offered to trade even - her house for the cabin and they wouldn't hear of it. Dad said now he would not pay Harold five thousand or what ever the price is for the half. I don't think they would sell out to me anyway. Only one but

Me. Sandi and Dick want to buy it and we could still use it. It abhors me to think of any one else owning the cabin and having to ask to go up there.

Dad has Monday off so we are going up Sunday and stay over night. It will be fun to see Keithie and Jack as they are spending the week-end up there.

Mary and Mike will be moving to their new apartment at the end of this month. Mike plans to run for City Council in September.

More later.

Love,
Mom.
